Issued by:

The Society of British Aerospace Companies Limited
 Salamanca Square,
 9, Albert Embankment,
 LONDON SW1 7SP

Ref. No.: TSSC.98
 Sheet 1 of 1
 Issue: 1
 Issue Date: February 2006
 Expiry Date: February 2009

To: Precix
 744, Belleville Avenue,
 New Bedford,
 MA 02745 - 6010
 USA

This Certificate records the satisfactory completion of qualification testing for parts stated below, in accordance with the requirements of the controlling Technical Specification. A list of Qualified Manufacturers is published in TS200.

The Design Authority will review the qualification of manufacturers at periods of not more than three years and, if considered necessary, arrange for re-qualification of the product.

Changes to manufacturing information must be notified to the Design Authority quoted in the controlling Technical Specification - see TS201 "Method Change Approval for Qualified Parts".

*PP Chairman
 SBAC Technical Standards Committee*
